INTERNATIONAL EXPO-PLATFORM FOR OUTSOURCING IN TEXTILE AND APPAREL INDUSTRY BEE-TOGETHER KYRGYZSTAN

NOVOTEL Bishkek City Center hotel, Bishkek city, Manas av., 16

On April 2-5, 2024 Bishkek hosted the first BEE-TOGETHER international outsourcing exhibition, which managed at once to gain the reputation of the most efficient and collaborative expo site in Kyrgyzstan. Eurasian Business Club – an association of entrepreneurs of Kyrgyzstan, one of the goals of which is to develop the country’s exports, has become a partner in organizing a local business platform. 50 Kyrgyz factories interested in working with customers from Kyrgyzstan, Kazakhstan, Russia, Uzbekistan and other countries were gathered in a short time to hold B2B meetings. More than 360 potential customers have visited the event and carried on the purposeful negotiations!

The negotiation session was preceded by the forum “The present and future of the textile and clothing industry of Kyrgyzstan. Opportunities and Challenges”, which took place on April 2, 2024 and had united over 200 participants — representatives of the textile and apparel industry of the Republic of Kyrgyzstan, officials from government organizations, members of industry associations and development funds, etc.

“Kyrgyzstan’s domestic market is small, and to facilitate the garment industry growing we need to enter new markets through export, — said Eldar Iskakov, a representative of the Kyrgyz Export organization. — The BEE-TOGETHER exhibition is very important in this sense, as it is one of the events that shape the industry, promote the work of factories directly with customers and strengthen the Made in Kyrgyzstan brand.”

THE PROGRAM OF THE EVENT COVERS SEVERAL DAYS:

A business forum will be held with discussions devoted to development strategies for the international trade relations between Kyrgyzstan enterprises and partners from neighboring countries. Among its participants will be: representatives of ministries and departments, international business and entrepreneurship support organizations, top-management of garment factories, industry associations, development funds, trading companies, etc.

Feedback of the BEE-TOGETHER KYRGYZSTAN exhibitors:

The exhibition was very fruitful, and we are fully satisfied with the newly acquired contacts and contracts.

Perizat Orozobekova, PeOro

The exhibition is very meaningful for us, since this is the first time we are participating in such a large-scale event, and it is very pleasant that 21 companies held negotiations with us. We are looking forward to further cooperation that has started already with receiving during the meetings some pieces of fabrics for sewing samples.

Olesya Ladygina, Bravo

Everything went perfectly for us, we've contacted with a lot of customers and right away received two large orders.
